DEATHS

Saturday morning Jacob Krol
died at the home in this city at
the age of 77 years. Deceased had been
ill only a few days and death came
as a result. Mr. Krol leaves 3 chil-
ren, John of North Holland, Mrs. J.
Prins and Mrs. Gertie Bruinzeel of
this city. The funeral was held
Monday at 1 o'clock from the home
of his son-in-law, J. Prins, 100 West
Eighteenth street and at two o'clock
from the Sixteenth street church.
The Rev. Mr. De Groot officiated.

Holland Holdup Man Caught

Four holdups were reported to the
police Sunday. George Evans and
Simon De Witt were relieved of \$18
a gold watch and fob and chain. Roy
Lachaine was robbed of two rings
and some small change while the
fourth, a Hollander, named Bauthie,
kicked the robber and the latter fled.
The robber flourished a revolver in
his command to throw up their hands
and Lachaine, who refused was tell-
ed.

The highway man who did a
wholesale business of holding up
Holland citizens has been landed at
Muskegon. His name is Al Howard
and was arrested as a suspect in
some holdup work at Muskegon.
When Chief Kamferbeek heard of
his arrest he immediately went into
communication with the Chief of
Police at Muskegon. He asked the
chief what methods were used in
holding persons up there, and the
Muskegon chief said the victims
were compelled to encircle their arm
about a tree and then the robber
would go through them.

Kamferbeek was then informed
that the suspect had in his posses-
sion a 7 jewel, Elgin open face gold
watch, \$12 in money, a fountain
pen, three ladies scarf pins and a
blue steel gun.

The gun is the same used in this
city. Further information was re-
ceived later when a young lady
came to the police station and hand-
ed the department a gold watch stat-
ing that Howard had given it to her
as a present and when she heard of
his arrest she thought something
was wrong therefore she brought
same to Muskegon police.

The chief then asked Kamferbeek
the description of the watch taken
here. Kamferbeek gave this de-
scription and it tallied exactly in the
number of jewels, number on works
and number on case and the fact that
it was a ladies watch and solid gold.
The watch belongs to Simon DeWitt
a baker at Arendshorst, one of the
persons held up.

Howard will first be tried in Mus-
kegon and if he is convicted there
it will go hard with him. However,
if the evidence there is not sufficient
he will be brought to Holland and
tried.

HOPE COLLEGE COMMENCE- MENT DOINGS TO START FRIDAY NIGHT.

The Senior class and the A. Class
of Hope College are enjoying a week
of vacation before the end of the
school year tomorrow. These two
graduating classes get through with
their work a week before the others
to give them a chance to prepare for
the annual graduating exercises.

The commencement week will be-
gin Friday evening of this week
when the Meliphone society will give
its annual entertainment. Sunday
evening the Baccalaureate sermon
will be delivered in Hope Church.
Then on Monday afternoon the "A"
class graduating exercises will be
held and on Monday evening the
Upsilon club will give its annual en-
tertainment. On Tuesday evening
the Alumni banquet will be held in
Carnegie hall, and on Wednesday
evening the exercises of the week
will close with the commencement
exercises of the senior class.

Mrs. Pardee Arraigned

Mrs. Pardee and Floyd Hansen
were the principals in an automobile
accident which occurred at 6 o'clock
Tuesday night on the corner of River
and Eighth streets.

Mrs. Pardee accompanied by her
father in the automobile had come
west on Eighth street but according
to witnesses had turned the corner
of River and Eighth too sharp, thus
violating the vehicle ordinance. Han-
sen was riding his bicycle coming
north on River street but seeing the
machine coming toward him became
confused and did not know which
way to turn. He was struck by the
auto, knocked from his wheel upon
which he fell and the wheels of the
one side of the car passed over his
body.

The young man was taken to Dr.
Tuttle's office where his wounds were
dressed. As far as could be learned
no bones had been broken.

Mrs. George Pardee was arraigned
before Justice Robinson this morn-
ing on the charge of violating the
vehicle ordinance by riding on the
wrong side of the street. Mrs. Par-
dee stood mute therefore the Justice
entered a plea of not guilty and set
the trial for next Wednesday after-
noon in the court room of the city
hall.

Two Divorces Granted

The jury in the case of Herman
Horling against Charles D. Hubbard
brought in a judgment for \$421.54
in favor of the plaintiff Tuesday af-
ternoon. The jury was out but a
few minutes. The plaintiff was su-
ing to recover the sum of a lien on
some logs which he had got out for
the defendant and the amount
claimed in the suit.

During yesterday's session Judge
Cross granted two divorce decrees,
one in the case of Roelof Bredeweg
against Margaret Bredeweg and the
other in the case of Mary McLain
against William H. McLain. The
parties in both cases are from Hol-
land.

A decree was also granted to Joe
Borgman vs. Lena Borgman.

At the conclusion of yesterday
excused the jury and adjourned the
term of court.

HOLLAND MAN BUYS BAKERY.

On account of the steady increase
in his rusk business, M. Hilde, pro-
prietor of the Zeeland Rusk Co., of
Zeeland has found himself compelled
to dispose of his other baked
goods department in order to be able
to devote all his time to the manu-
facture of his celebrated Zeeland
Rusk. In consequence he sold his
route in the city and everything per-
taining to the baked goods depart-
ment with the exception of the de-
livery wagon, which is for sale, to
Mr. Oudemolen, proprietor of the
Domestic Bakery of Holland, the lat-
ter made his first trip calling on the
local dealers. Mr. Oudemolen's baked
goods are of a very superior qual-
ity and he will make the rounds
every morning with fresh goods. Dur-
ing his short career of but eight
years in Holland he has won an en-
viable reputation for his famous
"Butterkrust Bread" and has by far
the largest patronage of baked goods
of any bakery in Holland. Local peo-
ple are urged to try his goods.

Called Out Militia

Calling out the local militia in
Grand Haven Monday night undoubt-
edly saved scores of people from
serious injury when firemen were un-
able to keep crowds away from the
burning plant of the Hatton Leather
company. Hardly had the guards
forced the onlookers to a safe dis-
tance when six deafening explosions
occurred sending bricks and brands
of burning timber hurling in all di-
rections. The fire one of the most
disasterous to the city in recent
years, completely destroyed the
plant with a loss of \$7,000, to the
contents and \$15,000 to the building
which was owned by the city.

Interurban Change Schedule

Today the interurban will put
on a half hourly schedule during the
morning and afternoon. This sched-
ule will remain in effect until June
25, when a full half hourly schedule
becomes effective.

The following limited cars leave
Holland for Grand Rapids: 7:10,
8:10, 9:10 a. m. and in the afternoon
1:10, 2:10, 3:10, 4:10 and 6:20 p. m.
These cars will no doubt be largely
patronized by Holland people who
want to make a trip to Grand Rap-
ids, as they will go thru on fast
time and make only station stops.

Limited cars will leave Grand Rap-
ids for Holland: 8:15, 9:35, 10:35 a.
m. and in the afternoon at 2:35, 3:35
4:45, 5:35 and 6:35.

Commencing Friday there will also
be a car run between Holland and
Macatawa every hour beginning at 1
o'clock.

The interurban company is widely
advertising these cars, as they are
anxious to have the extra cars used
by through passengers.

These limited cars will give more
service between Holland and Maca-
tawa. The additional cars being
9:40, 10:40 and 11:40 a. m.; 3:40,
4:40, 5:40, 6:40 and 7:40 p. m.

The individual and family com-
mutation books on the Holland Inter-
urban are now in effect. The new
rates added by the Interurban com-
pany give Holland lower com-
mutation rates than Macatawa Park. The
company will also have on sale com-
mencing June 20, a 24 ride family
book between Holland and Grand
Rapids, which will sell at \$3 and is
good until October 31st. These
books are put on by the company
with the idea of stimulating traf-
fic by having in effect reasonably mod-
erate rates.

Charles Garvelink accompanied by
his brother Frank, will make a two
weeks trip through Canada with his
automobile. He will go to Detroit,
cross over to Windsor, and make his
way back to Chicago from Buffalo.

STUDY ON TRAFFIC WAS OBJECT OF TRIP.

South Haven Tribune—Consider-
able speculation was aroused here last
week by the visit of several promi-
nent electric railway and boat men. It
was believed that their visit had
something to do with the oft-discus-
ed rumors of a plan to unite with a
line running along the lake shore
through South Haven, the electric
systems now terminate at St. Joe and
Saugatuck.

The purpose of their trip is given
in the following item in the Benton
Harbor News-Palladium of Tuesday.

The officials of the G. & M. Co.,
the Street Railway and South Bend
Interurban lines, have just completed
a tour through the twin cities, South
Haven, Holland and Grand Rapids,
the object being to emphasize the ex-
ceptional facilities which the twin
cities offer as a freight terminal for
the moving of freight over the inter-
urban and boat lines.

In the party were President Mor-
ton of the G. & M. line, C. D. Em-
mons, general manager of the South
Bend lines, Traffic Manager Hardy of
the same roads, and Charles H. Floyd
general manager of the Chicago,
Grand Rapids and Holland line.

THREE PEOPLE ARRESTED LAST SATURDAY NIGHT

Two arrests were made Saturday
night on charges of drunk. Andrew
Vander Woude was arraigned before
Justice Robinson Monday morning
and pleaded guilty. The sentence im-
posed was 65 days in the Detroit
House of Correction. On condition
that Vande Woude would go and live
on his father's farm near Zeeland for
a year and not touch intoxicating li-
quors, sentence will be suspended un-
less this is violated at any time then
the 65 day sentence will take imme-
diate effect. The other arrest was
that of John Gezzum who was given
5 days in jail and a fine of \$5.

Patrick Lynch, a seventeen year
old boy was arraigned before Justice
Robinson Monday morning on a
charge of fraudulently obtaining a
straw hat at the store of Nick Dyk-
ema. On entering the store he pick-
ed out a straw hat and stating that
he was in the employ of Archie John-
son, said that Johnson had sent him
there and would settle for the hat.
On inquiry it was found that Johnson
had never heard of the boy. Police
were notified and Officer Wagner
arrested the boy just before he could
take the hat to Chicago for which
he had bought a ticket.

The boy worked a smooth game on
two druggists in Holland. He called
for ten cents worth of castor oil,
knowing that the clerk would have
to go to the back of the store, for
it. Meanwhile he took a 50c bottle
of patent medicine and exchanged it
for the castor oil, taking the 40c
in cash. This game worked in two
places.

Justice Robinson gave him 30 days
in the jail at Grand Haven.

DEATHS

THE PROPER COURSE

Information of Priceless Value to Every Holland Citizen

How to act in an emergency is knowledge of inestimable worth and this is particularly true of the diseases and ills of the human body. If you suffer with backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement will add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of Holland citizens who have been permanently cured?

Thomas Boven, 151 W. Fourteenth street, Holland, Michigan, says: "What I said in 1909, concerning my experience with Doan's Kidney Pills still holds good, for I have not been bothered by kidney complaints since I took this remedy. I suffered from backache and I also had trouble from irregular passages of the kidney secretions. Doan's Kidney Pills thoroughly cured and during the past two years I have enjoyed complete freedom from kidney trouble. I cheerfully verify my former endorsement of this remedy."

ALLEGAN MAN IS SEIZED IN DETROIT AS SEQUEL TO RIVER CRIME

Police Assert Accused Man Eloped With Woman and Then Slew Husband

Suspected of killing the husband of his affinity with an ax, Wassil Fesiak a Pole, was arrested in Detroit and will be taken to Allegan to be tried for the murder of Simon Drzewicka, whose body was found in the Kalamazoo river, May 26. The murdered man's wife, Sophia Drzewicka with whom Fesiak had been living, is held at the Allegan county jail, charged with being an accomplice.

The authorities say Fesiak struck his victim several times over the head with an ax, cut a hole in the ice on the river and dropped the body in. Two boys, fishing, observed it entangled in a mass of driftwood and notified the sheriff. Wassil Fesiak was arrested by Detectives Collins and Glinzky of the Vinewood station in the Wabash freight sheds, Twelfth street and the river. He was transferred to police headquarters and there positively identified by a son-in-law of the murdered man, Sheriff Volney W. Ferris of Allegan county and Martin E. Foote, justice of the peace of Allegan village.

He was taken back to Allegan county and lodged in jail with the murdered man's wife. He refuses to discuss the disappearance of Drzewicka or his relations with the latter's wife—his affinity.

Shortly after the man's disappearance, Fesiak left for Detroit and commenced to work in the freight sheds there. When the body was discovered Fesiak's explanation of the reason why Drzewicka left Allegan was so plausible that his name was never connected with the case.

Rumors caused the justice of the Peace Martin Foote, and Sheriff Ferris to disinter the body again and hold an autopsy.

Drs. W. H. Bills, J. H. Van Ness and Malcom Smith of Allegan, held a post-mortem and concluded that death was due to fracture of the skull. The wound on the back of the head was such as might have been caused by the blunt end of an ax. It is their opinion the man was struck a second time, as he lay on the ground, as the jaw was broken.

After this finding, the search for the murderer was instituted. Mrs. Drzewicka announced that she was going to Chicago to find her husband. She was followed, however, and came directly to Detroit to meet Fesiak, it is said.

Shortly after her departure from Allegan a letter from Fesiak was sent to her. In it he gave his street address in Detroit, and Detectives Frank Collins and John Glinzky of Detroit were put on his trail, with the result that they had him behind the bars in less than 24 hours.

CONTRACTOR GEORGE DEWEERD TO BUILD NEW DEARBORN FACTORY.

Construction of the New Building To Begin Immediately; Cost \$20,000

Monday Messrs. Cushman and Nash of the Dearborn Engraving Co., were in the city and they let the contract for the big new factory that is to be built on the corner of Ottawa and TwentyFourth street. The contract was let to Contractor Geo. De Weerd, and the price called for is in the neighborhood of \$14,000. Mr. De Weerd has taken the contract for the mason work, the carpenter work and the plumbing. He has sublet the plumbing to F. N. Yonker.

The total cost of the new building will be about \$20,000. Work on it will be begun this week and the contract calls for the completion of the work within 90 days. That means that early in the fall the force of skilled laborers whom the company employ will begin work before the coming of winter.

The building will be ideal in every way. The ventilation will be perfect and the building will be more ideally lighted than any other factory in the city. There will be a number of features about it that will make it a building to which the citizens of this city can point to with pride.

The American Utilities company has been organized under the laws of Delaware to take over the Kelsey, Brewer & Co., properties, which include gas and electric properties in Albion, Mich., Winona, Minn.; Elkhart, Ind.; Salt Lake City, Utah; Boise, Idaho; Jackson, Miss.; Valparaiso Ind. and Holland, Mich. The company is organized with an authorized capitalization of \$40,000,000, of which \$1,714, 000 is preferred, \$2,400, 000 common stock and \$739,000 bonds will be issued to exchange for the securities of the properties taken over. The gross earnings of the companies to be taken over are said to be in the neighborhood of \$1,100,000.

The basis of exchange of the old securities for the new will be for each \$1000 par value of the old:

The new company will make an issue of 30-year 5 per cent collateral trust bonds to exchange for the bonds of some of the constituent companies and to provide funds also for future purchases. The exchanges now proposed are for Holland, Valparaiso and Elkhart companies. The Holland bondholders will receive a bonus of \$50 common stock and the Elkhart \$100 bonus for their holdings and the Valparaiso bonds will be traded even. The old securities are to be deposited with the Old National bank by July 1 and the plan will take effect if the responses are favorable by Sept. 1.

The clerk reported that at a meeting of the board of Police and Fire commissioners, held June 3, 1912, the request of the proprietor of the barbershop at No. 74 East 8th street, for permission to keep his shop open until 12 o'clock p. m. on Saturdays, he having agreed to put up a woven wire partition to separate the pool room from the barber shop was referred to the common council.

Ald. Harrington.

Resolved that the request be not granted.

Carried.

The clerk reported that at a meeting of the board of health, held on June 3, 1912, the following resolution were adopted.

Resolved that the maintenance of privy vaults and cess pools at the premises described in the annexed list be and the same hereby is declared as a nuisance, and a menace to the health of the inhabitants of the city of Holland, and further,

Resolved, that the common council be and hereby is requested to concur in this action, and requested to declare the same a nuisance and a menace to the health of the inhabitants of the city of Holland, and that the owners of the several premises described in the said list be required to connect their respective premises with the sanitary sewer within sixty days after service of notice upon them, and that in default of making such connection that the same be done by and under the direction of the common council, and the cost thereof certified to the board of assessors for assessment against the premises so connected. Further,

Resolved, that the recommendation be reported to the common council at its next regular meeting.

On motion of Ald. Harrington.

Resolved, that the resolutions be and the same hereby are adopted, and that the recommendation therein contained be ordered carried out.

Carried.

The Board of Public Works to whom was referred a communication from the council recommending that all employees for the city now required to render services for more than nine hours per day, be placed on a nine hour basis without diminution of pay, reported as follows.

"The board has always exercised the right to hire its own employees and other help and fixed their wages and time of service, and it cannot now afford to waive this prerogative. We do not take it amiss that the council recommends a certain line of action, but beyond this there should be no interference. It should be left to the board to adjust this nine hour a day principle to its own condition of service and employment.

The board has now and for several years had several of its employees on an eight hour a day schedule on a ten hour a day pay; on the other hand it has some of its employees on salary contract whose time of service from the nature of the case can not be limited to any stated number of hours. The board in a general way expresses itself in sympathy with the nine hour a day principle, but it believes that the application of this principle belongs and should remain exclusively with the board. The action of the council at its special meeting implies that the common council can direct the board in reference to employment of labor and schedule of wages to be paid. This, we believe, is against the provisions of the charter and destructive of all control and discipline the board should have over its employees, and we ask that this matter be left with the board without any direction on the part of the common council.

On motion of Ald. King.

The communication was referred to the special committee composed of the mayor, the city attorney and Bishop & Alofs, repairs..... 20.65

Accepted and the Treasurer ordered charged with the amount.

The county treasurer reported having paid to the city treasurer the sum of \$774.67 liquor taxes and \$85.51 delinquent taxes.

Accepted and the Treasurer ordered charged with the amount.

Justice Miles reported that there were no cases under the city ordinance prosecuted before him during the month of May, 1912.

Filed.

The city engineer reported relative to the quality of gas for the three weeks ending June 4, 1912.

Filed.

The clerk presented the following, To the Honorable, the Mayor and Common Council of the city of Holland:—

Gentlemen:—I herewith present to you my resignation as a member of the board of public works of the city of Holland.

It is with deep regret that I feel myself constrained to take this action, and do so after carefully considering all conditions. My physical condition will not permit me to give any attention to the duties of a membership on the board, and the urgent need of improvements require a membership that can devote the necessary time to the work, which my continuing might seriously hamper.

I desire at this time to thank the council for their many courtesies and favors, and to testify to the loyalty of the board of public works to the best interest of the city, and its rapidly growing public utilities, and to also assure the board of my regret at being forced to sever the relations which have existed between us, and which have at all times been most pleasant.

Respectfully,
G. J. VAN DUREN.

On motion of Ald. Dyke.

Resolved, that the resignation be and hereby is accepted, and that the council extend a vote of thanks to Mr. G. J. Van Duren for his services to the city as a member of the board of public works.

Carried.

On motion of Ald. King.

The matter of drafting a resolution extending a vote of thanks to G. J. Van Duren was referred to Ald. Harrington, Lokker and VanDrezer.

On motion of Ald. Mersen.

The council proceeded by ballot to appoint a member of the board of Public Works to fill the vacancy caused by the resignation of G. J. Van Duren.

On the first ballot, E. P. Stephan having received the requisite number of votes was declared duly appointed.

The street commissioner presented his report for the month of May.

Filed.

The clerk requested the council to fix the amount of theater licenses for the ensuing year.

Referred to the committee on licenses.

The clerk reported the amount of license money to be refunded to the owner of the pool room at No. 45 W. 8th street was \$6.50.

On motion of Ald. Mersen.

A warrant was ordered issued on the treasurer in payment of the above mentioned amount.

Motions and Resolutions

On motion of Ald. Mersen.

Resolved that the board of health be instructed to furnish the tags and necessary record blanks to be used in connection with the testing of cattle.

Carried.

The special committee appointed to draft a resolution extending a vote of thanks to G. J. Van Duren for his services as a member of the board of public works reported presenting the following preambles and resolutions:

It is with deep regret that we received the resignation of Honorable G. J. Van Duren, as a member of our board of public works and especially so when he deems this action due to ill health.

And Whereas, the Honorable G. J. Van Duren, has been a faithful member of that board for a number of years, during which time he has generously given of his services to our city.

Therefore be it resolved;

That we express our heartfelt sympathy in this his hour of sickness, and hope and pray that he may be spared to enjoy some of the fruits of his labors.

And be it further resolved.

That we express our sincere thanks for his untiring efforts in behalf of our city.

And be it further resolved.

That a copy of these resolutions be spread upon the minutes and a copy be sent to the Honorable G. J. Van Duren.

Austin Harrington,
Jacob Lokker,
L. E. Van Drezer,
Committee.

On motion of Ald. King.

The resolutions were unanimously adopted.

On motion of Ald. Harrington.

Whereas, the Common Council of the city of Holland, has heretofore, by resolution, undertaken to properly care for the trees of the city as far as the same are being affected by "borers"; and

Whereas, it has become apparent to the council that the "Scale" is as bad a pest to the trees as the "borer";

Resolved, That the Board of parks be and hereby are requested to arrange for the proper spraying of all trees in the city for "scale" and that

the expense thereof be paid from the general fund of the city.

Carried.

On motion of Ald. Van Drezer.

Resolved, That the pavement of East Eighth street, between Lincoln and Fairbanks avenues, be and hereby is declared to be a necessary public improvement; and further.

Resolved, That the city engineer be and hereby is instructed to prepare the necessary plans, specifications and estimate of cost of said pavement, it being the sense of the Council that said pavement be constructed of brick.

Carried.

On motion of Ald. King.

Resolved, That the matter of comfort station in the vicinity of the Van Eyck-Weurding Mill be referred to a special committee to be appointed by the mayor.

Carried.

The mayor appointed as such committee Aldermen Lokker, Mersen and Hansen.

Adjourned.

RICHARD OVERWEG,
City Clerk.

Districts Having Enough to Pay the Teachers' Salaries for Two Years Will Not Be Favored This Summer.

Seven school districts in Ottawa county will forfeit their primary school money this year because of an excess of money. The number of pupils in these districts is 563. Practically all the counties in the state have districts that forfeit primary money this year and in one or two there are as many as 42 districts of this kind. Allegan county has 15 involving 1100 pupils and Kent has 11 with 1312 pupils.

At the session of 1911 the legislature passed a law preventing counties from sharing in the apportionment of the primary school money, where there is an excess in the treasury sufficient to pay the expenses of the teachers' salaries for the ensuing two years, and it also provides that there should be but one apportionment, and that should be made in July, instead of May and November as has been the custom heretofore.

In some of the school districts of the state there is a surplus on hand at the present time sufficient to pay the salaries of the teachers for many years to come, and under the new law these counties will not share in the apportionment which will be made by Superintendent of Public Instruction L. L. Wright and Auditor General Fuller next month.

Heretofore some of the townships treasurers have invested the surplus of money in a manner that has yielded a fine income not to the county, but to the treasurers. However, the act passed at the last session makes this impossibility. At the present time it is possible to determine what the July apportionment will amount to per capita. The total school census at the present time is 762,727, while the number of children that will share in the July apportionment is 739,544.

WASHINGTON, June 7.—Appearing before the senate committee on commerce in support of Senator Wm. Alden Smith's bill to regulate navigation, Captain I. N. Hibbard of San Francisco, general superintendent of the Pacific Coast Steamship Co., today urged that the same requirements be made of vessels on the great lakes as are made of ocean carriers. He recommended extending the provisions of the measure so that all freight vessels will be equipped with wireless apparatus and will carry two operators. The Smith bill in its present form provides that all vessels carrying over 100 passengers must have radio equipment.

Commissioner Chamberlain who assisted Mr. Smith in the preparation of his bill, was the first witness. He attempted to disapprove a somewhat popular belief that the proposed legislation is the result of sensationalism due to the Titanic disaster by pointing out that many of the provisions of the measure had been recommended and considered in congress before the great marine disaster. Senator Smith expects the hearings on his bill will continue several days.

Rejoicing at Hope

Coming just at commencement time the announcement that Dr. Kollen has succeeded in adding one hundred thousand dollars to the endowment fund of Hope college will tend to make that happy event even more replete with happiness than it would otherwise be. There is not a student who goes out of Hope college who does not leave with a deep feeling for the institution in which his labor has been crowned with success and who does not entertain high hopes for its future welfare. This is attested by the fact that so many of the alumni of Hope college have aided the institution in a financial way from a sense of gratitude when later labors in the school of life and experience have also met their reward.

Much can be done with the income from one hundred thousand dollars for "old Hope" and the annual realization of that income added to the present endowment income will give opportunity for increased efficiency that is bound to tell in the making of the college even a greater factor in educational circles than it has been in the past. With added equipment and resources is bound to come an added stimulus to the faculty and to the student body and material additions that will assist the stimulus thus engendered to produce a broader culture. Hope now holds an enviable place among similar institutions of learning, its graduates in every walk of life taking leading places, its representatives at Oxford, its many representatives holding scholarships in other colleges, and its undergraduates annually ranking high in competition with students of other educational institutions, its faculty strong and efficient.

Dr. Kollen, proud of the college with which he has been connected so long is well deserving his title, "The Grand Old Man of Hope", and it is a source of gratification to all who are interested in the welfare of Hope college, to know that his sphere of usefulness to the college has not ended but continues even though his active connection with the college has been severed.

Adequate Water Supply

The senior aldermen from each ward was appointed Wednesday by Mayor Bosch to act as a committee, the mayor included, to work with the Board of Public Works with the purpose of investigating the water situation in Holland and obtaining information that may be of use in the future.

This action was taken by the council Tuesday night after a lengthy discussion of the question at the special meeting. The committee was provided for by a motion of the council and today Mayor Bosch appointed Ald. Lokker, King, Mersen, Hartington and Brouwer.

"What is the reason that there is a shortage of water?" asked one of the aldermen at the opening of the meeting. "For a long, long time we have been promised that this summer there would be no shortage. But here the warm weather has hardly begun and already we are threatened with a water famine."

Supt. Champion of the B. P. W. was present and he explained that the shortage was likely to be only temporary. He said that owing to the fact that certain pumps had not come on time there was some difficulty in getting a supply as early as had been anticipated. He said that in a day or so he thought the supply would be adequate and that it would remain so during the summer unless

a bad drought should come on. He said that when once the pressure was low it was extremely hard to catch up even with the pumps running at full capacity since so many faucets were open, but if once caught up it was comparatively easy to stay so.

Various suggestions were made for helping the board to catch up whenever the pressure was low. For instance it was suggested that the fire whistle might give a signal to the public to lessen their use of water so that the pressure might be increased, but no definite action was taken.

A bit of humor was instilled into the proceedings when one of the aldermen suggested that a so-called water diviner be employed by the city to locate water. Ald. Mersen made fun of this idea. He said there was a time when those kinds of methods were used but that now the time for superstitions of that kind was past and that the city would have to go at finding water by looking around for it, by going at it scientifically. One of the other aldermen defended the "diviner" and there was a good deal of jollity at their expense.

Ald. King suggested the double water system. By this method the water for domestic purposes could come from the wells and would be safeguarded in every way, while the water for sprinkling would come through a separate system of mains from the Black lake.

Ald. Hansen suggested that now is the time to provide for Holland's future water supply. Even if the city has enough water now. It was suggested by some of the aldermen that the growth of the city is westward and that there is plenty of water in that part of town. Now is the time when the city should provide for future wells and take care of the demand as the city grows.

City Engineer Naberhuls told of information gathered some years ago by a committee similar to the one appointed last night, and the data gathered by that committee may in part be used by the present committee.

HOPE COLLEGE

Fellowships are coming thick and fast to Hope College students this spring. This morning Gerrit John Van Zoeren received notice from Dr. W. A. Nowse, head of the department of Chemistry of the University of Illinois, that he had been granted a fellowship in that school. The fellowship is in the department of chemistry. It carries with it the annual sum of \$300 and tuition. It has been granted to Mr. Van Zoeren for one year with a proviso that it will be effective during his entire three year course while he is studying for the Ph. D. degree, provided he makes good during the first year.

The fellowship is granted to Mr. Van Zoeren for general scholarship as well as for special work done in the department of chemistry at Hope college. For the past three or four years, Mr. Van Zoeren has acted as an assistant in the chemistry department, and he has done very excellent work.

The Ufflas club of Hope College, is working hard on their annual program which will be given next Monday night. At this time the public will have an opportunity to see what this society is doing to cultivate the Dutch language.

At the election Tuesday night following officers were chosen for the first term next year.

Pres.—Henry Colenbrander.
Vice Pres.—C. Dame.
Sec.—Treas.—H. Hoff.
Janitor—H. Jacobs.

The Sorosis society of Hope College has elected the following officers for the fall term of next year: President, Mary Lokker; secretary, Ruth Pieters; treasurer, Minnie Scheulke; keeper of records, Della Ossewaarde.

Prof. J. Kruizenga of Hope College one of the best known platform orators in western Michigan has been secured to deliver the commencement day oration for the class of 1912 of Grand Haven high school.

Commencement exercises will be held June 19—Grand Haven Tribune.

President Emeritus Gerrit J. Kollen has extended an invitation to the general synod of the Reformed church now in session in Grand Rapids to convene in Holland four years hence. At that time Hope college will celebrate the semi-centennial of its organization and this will mark the most important epoch in the history of the institution.

The endowment fund of Hope college has been swelled by an addition of \$100,000.00 through the efforts of Dr. G. J. Kollen, emeritus president of the institution. The two largest contributors are Andrew Carnegie and the Collegiate church of New York city both for \$25,000 each while the remainder was subscribed in come on time there was some difficulty in getting a supply as early as had been anticipated. He said that in a day or so he thought the supply would be adequate and that it would remain so during the summer unless

Death of G. J. Van Duren

G. J. Van Duren, who died Tuesday afternoon at his home, corner of Twelfth street and College avenue, has been active in city and county affairs for many years. Until last fall when he became seriously ill Mr. Van Duren was an active member of the board of supervisors of Ottawa county, and an active member of various city organizations. After a period of illness he suffered a stroke of paralysis which compelled him to give up all work and which prevented him from leaving his home at all.

Mr. Van Duren was born on the Van Duren homestead about a mile east of Holland on July 2, 1853. He spent his whole life in and around Holland. After receiving a grammar school education he entered Hope college and pursued his studies there until the end of the Sophomore year. The next year he taught school in Port Sheldon.

In 1872 he married Miss Katherine Vander Veere. After his marriage he taught school for three years in the Van Raalte school two miles east of the city. Then he went into the meat business in Holland on the same spot where afterwards he conducted a shoe business. In 1878 he accepted a position as teacher of the New Groningen school and this position he held for three years when he finally left that work to go into the meat business under the firm name of G. J. Van Duren & Co. This lasted for seven years when he entered the shoe business, in which work he continued until last November.

Mr. Van Duren has had a long official career. He was supervisor from 1885 to 1890. From 1891 to 1895, dur-

ing Benj. Harrison's administration, he was postmaster of Holland and it was during his term of office that the postoffice here was changed from a third class to a second class office. It was also during his term that the postoffice was moved from the building now occupied by the Pino restaurant to the present building.

In 1903 he was appointed supervisor or to fill a vacancy and ever since he has been elected to that office until finally ill health compelled him to resign. He was a member of the board of Education from 1878 to 1881 and again from 1893 to 1908. It was while he was member of the board that the Central school building was built and his name appears on the tablet in the wall of that building. In fact while he was on the board all the present school buildings were built with the exception of the high school, and he was on the board that remodelled that. He has been on the Board of Public Works for fourteen years and his resignation for that office was read at the council meeting last week Wednesday evening. At that time a committee was appointed to draft resolutions in appreciation of Mr. Van Duren's splendid services while member of that board.

The deceased is survived by a widow and five children: Arthur, Holland; Cornelius, Evanston, Ill.; Mrs. Christine Cox, Chicago; Alfred, Holland; George C. Chicago; and by one sister, Mrs. Jennie Doesburg, Grand Rapids.

The funeral will be held Friday afternoon at 1:30 from the home. The Rev. E. J. Blekkink, pastor of the Third Reformed church will officiate.

CLUB IS ENTERTAINED AT HOME

OF MISS KATHERINE PELGRIM
A delightful lawn party was given Tuesday night by Delphi society of Hope college at the home of Miss Katherine Pelgrim on West Twelfth street. The lawn was prettily decorated with Japanese lanterns while here and there lawn seats with a profusion of pillows invited one to linger. From behind a booth in one corner of the lawn delicious, refreshing punch was served.

After several games an elaborate six course luncheon was served. The small table lighted by the Japanese lanterns and the happy faces made a picture on which the eye delighted to rest. During the supper music was furnished by Harris Meyer.

After supper a number of poems were portrayed in shadow pictures while one of the young ladies acted as reader. When the party broke up at a late hour all agreed that the Delphis had succeeded in placing themselves on the map as entertainers.

That I am more than pleased to state what Chiropractic has done for me in a case of varicose vein. I doctored with medical men till my leg broke open and then the last medical man I called on said to me that it was too late—nothing could be done to it any more; so then I called called upon E. Fredricks, the Chiropractor at 35 East Eighth street and after he had given me five adjustments my leg was all healed up. I took fourteen adjustments in all, this was in Aug. 1911 and I am working hard every day and not even a symptom has re-appeared.

HUNDREDS OF DELEGATES SPEND PLEASANT DAY IN THIS CITY.

Exercises Are Held For Beginning Work on New Seminary Library Building

Responding heartily to a request from Mayor Bosch that flags be shown at the various business places and at the homes of the citizens of Holland gave to the city a holiday appearance Saturday welcomed the hundreds of delegates to the General Synod of the Reformed church who were the guests of the city Saturday. Saturday at about 11 o'clock the five special cars arrived in Holland bearing the members of the General Synod of the Reformed church in America. The members of the Synod marched from the foot of College avenue to Wianants chapel where they were met by the Senior class.

Dr. Kollen took charge of the exercises in the chapel. After the singing of the Doxology, Rev. H. Veldman of the First Reformed church of this city offered prayer. Dr. Kollen in his remarks of welcome spoke of the blessing both to those who are here and to the church at large to have the Synod here. He invited the Synod to be guests of Holland four years hence when the 50th anniversary of the founding of Hope College will be celebrated. Dr. Kollen further gave the financial report of his trip in the East completing the \$100,000 endowment fund.

Dr. Kollen then introduced President Vennema who delivered an address of welcome in behalf of Hope College. Dr. Vennema said in part that they had long endeavored to place the needs and work of the educational institutions at the door of every member of the church. This was successful only in part and now the church had come to the school. He spoke of the city of Holland and its advantages and the wisdom of Dr. Van Raalte in locating where he did. He welcomed the Synod in behalf of the college—its college and its only college. "Hope is a growing institution with a capable faculty and promising body of students. The school is behind in nothing except finances and that, perhaps is true because it is ahead in everything else. A diploma from Hope is recognized as a mark of high scholarship throughout the state and any university Hope students may attend."

Dr. Vennema reviewed the growth of the school since the various visits. (Continued on Last Page)

its of the Synod in 1884, 1895, 1904, and the present visit in respect to buildings but more in regard to student and equipment. He showed that the day of the denominational

school was not past and that Hope was the recruiting ground for the ministry of the church.

Dr. Beardslee next gave the address of welcome for the Seminary. There were several things he wished the Synod to see in its visit to the Seminary, the local conditions, the photographs of the seminary graduates during the last 24 years, which Dr. Beardslee has collected and which are his pride and his crown of glory; and the breaking of the ground for the two buildings on which his heart has so long been set. He said "We are glad to welcome you to see what we have done and what we hope to do with enlarging opportunities."

Dr. W. P. Bruce, president of the Synod, responded to these addresses. He said "It is the old case of the tenant and the landlord, the more cordial the reception the larger the bill of particulars. But in this case the tenant is the child of the landlord and the commercial element drops entirely away." He spoke of the service both of Dr. Vennema and Dr. Beardslee have rendered to the institution they are connected with and to the church. He assured them that the Synod felt its welcome and was honored to be the guests of the church's institutions here.

After singing of "Onward Christian Soldiers" and the benediction the Synod adjourned to the Seminary campus. Here after a few remarks Dr. Bruce broke the ground for the Beardslee Memorial Library on the west side of the Semelink Family hall and later Dr. Blekkink, vice-president of the Synod, broke the ground on the east side of the building for the Students Dormitory. The exercises concluded with prayer by Dr. Steffens. The Synod then went to Carnegie Gymnasium for the collation.

At 12:30 the delegates gathered in Carnegie Gymnasium where a banquet board had been spread. The members of the Senior Class of the college acted as waiters and the guests of the city indulged in a generous feast after the strenuous exercises of the forenoon that had given them a keen appetite.

Mayor Nicodemus Bosch gracefully presided at the banquet and introduced the Hon. G. J. Diekema as toastmaster in a few well chosen words. He welcomed the delegates to the city and succeeded in making them all feel that they were as welcome as a "day in June."

In his usual graceful and effective way Mr. Diekema then took charge of affairs and after a few general remarks introduced the speakers on the program.

Hon. G. J. Diekema acted as the toastmaster. After telling a number of clever stories, Mr. Diekema referred to the fact that it was eight years ago since the Synod met in Holland. He reviewed the history of Hope College during these eight years, the buildings that have been built on the campus the increase in the students and faculty, etc. Then he introduced Dr. Bruce of New York City, president of the general synod. Dr. Bruce congratulated the synod on the magnificent institution that is located in Holland. He referred to the great work done by Dr. Kollen in building up the college. The new president of the synod is an extremely witty man and he kept the audience in a roar all the time. But withal, his address was full of serious thought and eloquent with patriotism toward the great church of which he has been elected president.

The next speaker introduced by Mr. Diekema was Prof. Kuizenga. Mr. Kuizenga breathed the spirit of welcome in his address, and he helped to keep the audience in pleasant humor while pretending to be speaking on Michigan weather to the visitors from the east.

A vocal solo was given by Mrs. Mirakel, of Passaic, N. J., Miss Hazel Wing accompanying her at the piano.

The next speaker was the Rev. W. J. Legget of Chattanooga, N. Y. He said he had been a delegate to the synod in Holland in 1884 and he called attention to the great progress that has been made since that time. He was also here eight years ago, and each time, he said, the progress had been very visible on the college campus. The young men from Holland were in the majority in the eastern theological seminaries, showing the great influence of the college here.

The Holland Automobile club had provided machines to take the visitors about the city. Many loads of guests were shown the sights of the town and the beauties of Holland

were shown off to the visitors. Then hundreds of them gathered at the Graham & Morton dock. The company had put the Puritan at the disposal of the guests and the vessel was crowded with people, many of them enjoying their first trip on Lake Michigan. On returning to the dock the guests found cars waiting for

them to take them back to Grand Rapids.

The outing of the Synod in this city was a genuine picnic. The delegates have been engaged in hard work in connection with the problems that confront the Reformed church in America and the holiday Saturday was a pleasant relief.

The sessions of the general synod of the Reformed church were resumed Monday in Gr. Rapids and important business matters were taken up for discussion. President Bruce has appointed all his committees and the reports of the chairmen were begun today.

Sunday afternoon a big Sunday school rally was held in the City Rescue mission, in Grand Rapids. At 2 o'clock the children of the many Sunday schools of the Reformed churches of Grand Rapids met in the Fulton Street park. At 3:30 o'clock the children, under the direction of their teachers and guides, marched in a body to the mission. Here a varied program was carried out. Dr. G. J. Huijzena presided and J. N. Trompen the president of the Grand Rapids Sunday school association, gave the address of welcome. Rev. J. Patterson Bruce, the president of the synod, led the devotional exercises.

Short addresses were given by Miss Hoekje, a missionary among the mountain whites in Kentucky and Tennessee; Rev. P. Braak, classical missionary in the west; Miss Lawrence, secretary of the Women's missionary board, who related the experiences she enjoyed in a recent trip which she took around the world; lay ing special stress on the missions of the east, and Dr. Chamberlain, missionary of the Reformed church in India. The song services were led by a large chorus from the Sunday schools of the city. Rev. J. Patterson Bruce also conducted the evening service in the mission.

Out of town pastors conducted the services in all the Reformed churches Sunday as well as in many of the other churches.

Tuesday in connection with the sessions of the synod which were held in the First Reformed church in Grand Rapids a women's mass meeting was held in the Second Reformed church on Bostwick street. Addresses were made by some of the leaders of the women's missionary movement. The women were entertained during the day by the ladies of the First and Second Reformed churches.

Another public meeting was held Monday night in the 1st Rfd church. This meeting will be for the purpose of arousing missionary zeal. Rev. W. I. Chamberlain, one of the most prominent missionary workers in the Reformed denomination will deliver the principal address.

The sessions of the synod will continue until Wednesday at which time all the business was completed.

Rev. E. J. Blekkink, pastor of this city and vice president of the general synod, conducted the services at the First Reformed church in Grand Rapids Sunday. He chose for his text II Timothy 4:7. "I have kept the faith," and selected for his theme "The Excellency of the Christian Faith." He reviewed briefly the life of Paul and showed how this expression of Paul was significant for the Christian church. He also showed how this faith should be applied in every day life.

Monday the report of the committee on disabled ministers called forth considerable discussion. A report of the committee on systematic benevolence was also given and delegates to the fraternal organizations were appointed.

One of the most important reports that was given Monday afternoon was the report on foreign missions. This report was followed by an address by the secretary of the board Dr. W. I. Chamberlain of New York City. This report showed an increase in the work of the four foreign mission fields at Arabia, India, Japan and China. The total contributions for the year 1912 were \$246,413.02, a gain of \$5,497.15 over the preceding year. This increase average per capita was from \$2.41 to \$2.50. Last year the United Presbyterian had the highest average being \$2.43 per capita and the Reformed church ranged second. It is expected that the Reformed church will be first this year. Dr. Chamberlain said in his address that the peculiar thing was that no extra stimulus as the women's jubilee and the layman's missionary movement had been given this year, and the board feared that because of this there would be a great decline in the contributions. He said that in the past 10 years more had been done for India by the Christian missionaries than was done by the British empire. During these years an increase of 5-13 per cent of the population of India had turned toward the Christian faith. Rev. W. I. Van Peursen, district secretary of foreign missions in the west, also addressed the synod

in respect to foreign missions.

Monday night a missionary rally was held in the auditorium of First church. The vice president of the synod, Rev. E. J. Blekkink presided and addresses were given by Rev. D. Dykstra, missionary of the Reformed church to India; by Rev. D. Van Strien of Grand Rapids, who has recently accepted an appointment as missionary to northern Japan, and by Rev. H. W. Noble, pastor of the Reformed church at High Falls, N. Y.

With the singing of the hymn, "Blest Be the Tie That Binds," and the pastors raising their hands to recite the apostolic benediction, the one hundred and sixth session of the synod of the Reformed church of America Tuesday night at 1st Rfd. church in Grand Rapids at 11 o'clock closed.

The last important work of the synod was the raising of \$2,005 for new books to be put in the Beardslee Memorial library in this city.

In the reading of the report of the domestic missions, the lack of funds to pay the missionaries and the pastors of the needy churches sufficient salaries was requested. Because of these resolutions were adopted to increase the contributions for the ensuing year to \$200,000, to increase the salaries of the pastors of the rural districts to not less than \$900 and of the city churches to not less than \$1000, with the addition of a parsonage, to give special praise to the members of the board and the women workers, and to make the last Sunday in the month of February domestic mission day.

The next meeting of the synod will open at Ashbury Park, N. J., June 5, 1913.

One of the problems that demanded the attention of the synod Tuesday was the report on education. For years the Reformed church has advocated Christian instruction in the schools. In the grammar schools and below, however, except for a few churches in the western division the public schools have been the educational institutions for their children. After Rev. G. Koolker, the president of the board, gave his report, Rev. J. G. Gebhard, corresponding secretary of the permanent board, gave an address in which he strongly urged definite religious and moral training in the grammar schools.

"Righteousness is the foundation of true education," he said. "The church is not doing its duty because it is not educating its children in true righteousness. Ethics, moral and religious training should be in every primary and secondary school. We must get together for some moral, religious and ethical training in our public schools."

Although the proposition that the church should support private Christian schools was practically defeated and the report of the synod will go down as advocating religious education in the public schools, many of the churches are working hand in hand with the churches of the Christian Reformed denomination and are supporting schools which are separate from the public schools and supported by their own funds. The Christian Reformed churches which are instituting these schools state that the only way in which they can have true Christian education is by forming schools of their own, in which to teach their own doctrines. This is also the opinion of many of the Reformed pastors and laymen of the majority of the eastern churches of the Reformed church hold, however, that it is not so much the teaching of their doctrines as a good moral education. They say that the doctrines can be taught in the institutions of the church.

CHARTER COMMISSION SPENDS EVENING IN QUARRELING ABOUT PETITION

That Was Question Brought Up Which Prevented Work By Commissioners

The charter commission met Monday night. The members—or rather five of them who were present walked right in, scrapped for a while and walked right out again. The question of whether Mr. Brusse was entitled to his seat was the bone of contention Monday night. The members could not agree on any line of action on this and finally giving up in disgust, they decided to adjourn without doing any business.

A petition circulated about a week ago and bearing about a dozen names was presented asking that the right of Mr. Brusse to his seat be thoroughly gone into by the commission. This petition was read by the clerk and a motion was made that it be placed on file. This aroused considerable discussion.

An appeal was made to the city attorney for an opinion. Mr. VanDuren said that from the nature of the case he, being a member of the commission, ex-officio, could not give a legal opinion as to whether Mr. Brusse was entitled to his seat or not. It was his opinion however that

the charter commission by their previous action of electing Mr. Brusse Chairman and not saying anything about his right to the seat had tacitly agreed that he was entitled to act as a member. It was his opinion that the commission would have no right to go back of that former action. If anyone differs, said Mr. Van Duren, with the action of the commission, it is up to that one to take the matter to the courts, and by starting quo warranto proceedings test out whether the action of the commission was right or not.

"The intent of the law should govern in cases of this kind," said Commissioner Vanden Berg, "and the intent of the law in this case plainly is that the members of the commission should be familiar with the city affairs. No one can claim that this is not the case with Mr. Brusse."

"That is not at all the point," said Mr. Van Schelven. "This is a jurisdictional question and we must consider it as such. If anyone in this body is incompetent to act it invalidates our work. We must first know what we are at. I have no objection to anyone on this board, but I object to having our work invalidated even by a legal technicality."

There was a strong sentiment among the members of the commission present to ignore the petition by simply filing it. One commissioner said that the men whose names were signed to the petition were not really the ones who were back of it. It was claimed that the whole thing was gotten up for political reasons, that some one or some ones saw in the legal point a way of getting at Mr. Brusse.

Mr. Van Schelven protested that even if this were so the fact remained that a petition had been presented and it would not do for the commission to ignore it. His idea was to get some legal opinion on the question. This legal opinion should then go into the records to counteract the petition. That would show that the commission had taken up the matter and had disposed of it in as good a way as it could. Mr. Brusse replied that he had asked the opinion of two one of them a judge of high standing competent lawyers in Grand Rapids, and that they had said that the question was entirely up to the commission. If they said he was entitled to his seat well and good, that would settle the matter. Mr. Van Schelven asked that this opinion or an opinion of any competent man be put in writing and put into the records. Commissioner Vanden Berg declared that he had legal opinions from some of the leading lawyers in the state and he was satisfied that Mr. Brusse was entitled to his seat. Again Mr. Van Schelven asked for those opinions in writing to be put into the records.

Finally when a vote was taken on filing the petition there was one vote against it, that of Mr. Van Schelven, and since five votes were necessary to carry anything, the motion was lost.

The next motion made by Mr. G. Van Schelven was to lay the petition on the table and take it up again at a future meeting. On this motion Mr. Brusse, Haberman and Van Ry voted "no," and it was lost. Thereupon all that the commission could do was adjourn, without doing anything.

Mr. Brusse went into the history of his election. He said he had not wished to be a candidate. He had refused to be mentioned at the caucus, but when his party proposed to leave the ticket blank he had consented to run. Then he was elected and no legal question was raised. Then ten days had elapsed before he had qualified—plenty of time for raising such questions, but no one said a word. Finally he had qualified and now he did not propose to be made the victim of a political move. He said he had never lost his

residence because he had never voted in Kalamazoo.

"I want to ignore this petition," said Mr. Brusse, "because I know the source from which it came."

"It is not worth talking about," said Commissioner Van Ry.

The meeting finally broke up without anything being done. The same proposition will confront the commission at its next meeting.

RACES BEING HELD ALMOST DAILY AT THE FAIR GROUNDS.

Good Time Is Made Considering Fact That Grounds Were Not Meant for Machine Racing.

The majority of people in this city do not realize the great hold that the motorcycle has upon a goodly number of speed loving young men. There are now somewhere near thirty motorcycles in use in this city one club has been organized and it is not altogether improbable that another may be organized in the near future.

The Holland Motorcycle club has now been in existence for about three months; they have the regular officers and a road captain, a leader on their runs who makes himself acquainted with the roads that the members feel that they would like to travel in going to different cities. Runs are made every so often and in some cases the cyclists have traveled two and three hundred miles thus visiting many cities that it is probable they would not see otherwise.

Just now motorcycle speed is the topic of conversation among motorcycle owners here. There are a number of different makes of machines and of course each one thinks that his machine is just a little better than the next man's. Almost any evening from one to a dozen motorcycles may be seen tearing up the dust on the fair ground race tracks testing out the speed of their respective machines. When a number of these are at the track at the same time there is usually a race and considering the fact that the track is only half mile one and that the turns are sharp and that there is not much incline such as is the main feature on an automobile or motorcycle race track local riders have made some good records.

Monday night there were 7 machines at the fair grounds and some very interesting races were pulled off. Charles Hubbard on his twin Indian carried off the honors making 4 miles in 3 minutes and 10 seconds. Tom White made the half mile in 47 seconds and the rest of the racers put up some interesting and close races making good time. Besides Hubbard and White, C. Hoffman, J. Zwiers, P. Hiemenga and Wm. Deur got into the game.

The racing game may be made a feature by the motorcyclists and regular meets to which all interested may come or take part in just as they choose may be arranged. Motor cycle races may also be made a feature of the South Ottawa and West Allegan county fair next fall.

Black Bass Can Be Caught At One O'clock Saturday Night.

Local fishermen are getting ready for the opening of the black bass season. The season on this fish is closed from February first to June 15, inclusively. It was thought by some that that meant the black bass could only be caught on June 15. But Deputy Game Warden Dornbos secured an opinion from several local attorneys saying that the fish cannot be caught on the fifteenth. The anglers cannot begin their sport till 1 o'clock Saturday evening.

Notice is hereby given that the Common Council of the City of Holland at session held Friday, May 31, 1912, adopted the following resolutions:

Resolved that a lateral sewer be constructed in Twelfth street between Lincoln and Columbia avenues; that said lateral sewer be laid at the depth and grade and of the dimensions prescribed in the diagram, plan, and profile and in the manner required by the specifications for same provisionally adopted by the common council of the city of Holland May 31, 1912, and now on file in the office of the clerk and that the cost and expense of constructing such lateral sewer be paid partly from the general sewer fund of said city and partly by special assessment upon the land lots and premises of private property

owners abutting upon said part of Twelfth street and being adjacent to said lateral sewer and such other lands, lots and premises as hereinafter required and specified assessed according to the estimated benefits thereto determined as follows: Total estimated cost of lateral sewer, \$700.92.

Amount to be raised by special assessment on private property according to estimated benefits received, \$599.34.

Amount to be paid from the general sewer fund, \$101.58.

That the lands, lots and premises upon which said special assessment shall be levied, shall include all the private lands, lots and premises lying within the specified assessment district designated by a red line in the diagram and plat of said district by the common council in connection with the construction of the sewers, all of which private lots, lands and premises are hereby designated and declared to constitute a special sewer district for the purpose of special assessment to defray that part of the cost and expense of constructing a lateral sewer in said parts of Twelfth street in the manner hereinbefore set forth and as heretofore determined by the common council, said district to be known and designated as East Twelfth street special sewer assessment district.

Resolved further that the city clerk be instructed to give notice of the proposed construction of said lateral sewer and of the special assessment to be made to defray part of the expense of constructing such sewer, according to diagram plan and estimate on file in the office of the city clerk and of the district to be assessed therefore by publication in the Holland City News for two weeks and that Friday, June 21, 1912 at 7:30 o'clock p. m., be and is hereby determined as the time when the Common Council and the Board of Public Works will meet at the council rooms to consider any suggestions or objections that may be made to the construction of said sewer, to said assessment and assessment district, and to said diagram, plan, plat and estimates.

STATISTICS SHOW A TOTAL OF 3268 SCHOOL CHILDREN IN HOLLAND.

The school census has been completed and the statistics gathered shows that there is a total enrollment of school pupils in Holland of 3268. This is 112 more than last year, showing the rapid increase in pupils and clearly indicating the need of the new high school building that has been planned.

This school census was taken by **Albert Hoeksema**, who covered the first ward; **Al Toppen**, second and fourth; **Wm. Westveer**, third and Joe Koolker, fifth. It is interesting to note that in the Fifth Ward alone there was an enrollment of 1230. This is the largest ward in the city as far as territory is concerned and the large number of school children shows that the population is growing very fast there.

WEST SIDE RESIDENT SAYS THE BROKEN BOTTLES ON STREET CUT BICYCLE TIRES

"Every once in awhile," said a resident of the West Side to the Sentinel this morning, "I read in your paper of some one having been arrested on the charge of riding his bicycle on the walk. I do not object to arrests of this kind, but I think the riders of wheels should be given protection by the police while riding on the street that is dangerous to city there is so much broken glass on the street that it is dangerous to ride on them. The bill for repairs on tires is often enormous. If I am not mistaken there is an ordinance against throwing bottles or any glass on the street and I for one would like to see a few arrests under this ordinance."

"Especially in the western parts of the city this nuisance is great. Some streets are so bad that they are avoided by many a bicycle rider who knows them. Keep the bicycles off the walks by all means, but punish those who throw glass on the streets."

Similar complaints have been made from other sources. An arrest has more than once been made by the police on this charge, although from the nature of the case it is often hard to catch the offender. Some parts of town are said to be plentifully strewn with beer and whisky bottles and these are particularly hard on bicycles and automobile tires.

THE REV. W. PATERSON BRUCE IS ELECTED HEAD OF SYNOD

Local Pastor Made A Strong Run For Highest Honor, But

Bruce Wins Out

At 2:30 Thursday afternoon at the Rev. P. T. Compton tapped the gavel on the table, the one hundred and sixth session of the synod of the Reformed church of America was opened in the First Reformed church in Grand Rapids.

The great fight for the election of the president of the synod was the first business. The east was pitted against the west. Because of the custom which had prevailed, that a western man should be elected when the synod met in the west, the western men thought that they were

sure of their ground. The eastern men, however, were also united and were prepared to break the rule.

Rev. E. J. Blekkink, pastor of the Third Reformed church of this city led the western forces, and for a long time it looked as though he would be the president. Rev. W. J. Leggett of Chatham, N. Y., and Rev. W. Paterson Bruce of Yonkers, N. Y., headed the eastern delegation. It was not until Rev. Leggett had been taken out of the race, however, that the eastern men could win. Although the vote at first was somewhat scattered at the end it was more decisive. The last vote gave Rev. Bruce 78, and Rev. Blekkink, 69, and Rev. Bruce was declared elected president.

The office of president of the synod is the highest honor that can be bestowed upon any minister in the Reformed denomination. This synod is the highest ecclesiastical body in the church, and the man that wields the gavel has a great power.

Rev. William Paterson Bruce is one of the prominent pastors of the eastern division of the Reformed church. He was graduated from the Rutgers college at New Brunswick, N. J., and from the Union seminary at New York City. He has served two Reformed pastorates during the 25 years he has been engaged in the ministry, the Greenfield Reformed church at New Jersey, and the Park Hill Reformed church at Yonkers, N. Y., which he is now serving. His father was a minister in the United Presbyterian church, and at first it was his intention to serve this church also. His brother was formerly lieutenant governor of New York state and is one of the judges on the supreme bench of that state at the present time. Besides being earnestly engaged in church work, Rev. Bruce is also closely connected with several of the large fraternities in the east. He is the stated clerk of the classis of Westchester

The accident which occurred on E. Eighth street Saturday afternoon when a young lad was run down by an Interurban car brought to the notice of the council that a state law says that street cars in running thru cities must be provided with at least two fenders for the prevention of just such accidents as this one.

Talk about American enterprise! Moving pictures of the Titanic disaster were exhibited here Saturday evening. One of those enterprising moving picture men must have been perched upon the iceberg which was waiting for just this thing to happen. Dante's "Inferno" was also shown, and the supposition is that the moving picture man must have stood on the brink of that much-abused place hell, when he made the exposures. Don't ask us how he kept his celluloid films from catching fire.—Coopersville Observer.

Elizabeth Schuyler Hamilton Chapter, D. A. R. will hold its final meeting of the year on Thursday afternoon at the home of Mrs. C. H. McBride. Rural Carrier A. A. Paris is in the habit of delivering the mail on his route on a motorcycle. This is the latest improvement in rural mail delivery in Holland and the carrier is not yet thoroughly familiar with the mechanism of the machine. The other morning he was ready to start out on his route but the motorcycle did not seem to be in the same state of readiness. Do what he might Mr. Paris could not get the machine started. After working on it for a half an hour he gave up in despair and took it to the repair shop. Looking it over the repair man asked, "Where is your spark plug?" Then Paris happened to remember that he had it in his pocket.
